## **Stop Campus Hazing Transparency Biannual Report**

**July 1, 2025 to December 23, 2025**

The [Stop Campus Hazing Act](#) (SCHA) requires campuses to issue, at least twice a year, a report that summarizes findings concerning any student organization found to be in violation of the institution's standards of conduct related to hazing, to include the name of the student organization, a description of the violation that resulted in a finding of responsibility, and related dates (the date of the alleged incident, the date of the initiation of the investigation, the date the investigation ended with a finding, and the date the institution provided notice to the organization of the finding).

**At UC Riverside, the policy against hazing in the *Standards of Conduct* is:**

**102.12** - Participation in hazing or any intentional, knowing, or reckless act, activity, or method committed by a person (whether individually or in concert with other persons) against another person or persons, including current, former, or prospective students, regardless of the willingness of such other person or persons to participate, that is committed in the course of a preinitiation, an initiation into, an affiliation with, or the maintenance of membership in, an official or unofficial student organization or other student group that

- causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury, including personal degradation or disgrace, and/or
- the person knew or should have known was likely to cause serious bodily injury

**102.12.1** - Prohibited hazing includes (but is not limited to) the aiding or abetting in the commission or attempted commission of hazing, or the obstruction or attempted obstruction of any investigation (including during disciplinary hearings) of any hazing activity, any of which may result in discipline up to and including suspension or dismissal. Students who are aware of the occurrence of hazing are encouraged to take action to discourage it. Failure to report hazing is considered to constitute permission, contribution, or encouragement of hazing and is not permitted and may result in discipline up to and including suspension or dismissal.

**FOR THE TIME PERIOD COVERED BY THIS REPORT, UCR HAS NO STUDENT ORGANIZATIONS FOUND RESPONSIBLE FOR VIOLATING THE POLICY AGAINST HAZING.**
