Why it Matters

At no cost to UC, this program gives employees and retirees access to stable, trusted coverage — protection that is getting harder to find in today's California market

- **Proven loyalty** — **9 out of 10** UC customers choose to renew their auto and home
- **Participation fuels reinvestment** — As a policy owned company, the more UC members who enroll, the more we invest back into competitive rates and added benefit value
- **A tightening California market** — many carriers have stopped writing or are limiting policies, and the FAIR Plan is becoming an option of last resort for California homeowners
- **Being a part of the California Insurance solutions** — California Casualty continues to offer insurance coverage and offers benefits and features with other big-box carriers
- **Proven when it counts** — from the Oakland Hills and Camp/Paradise fires to the recent SoCal wildfires catastrophes, we have taken care of insureds when they needed us most
- **Our partnership and protection are designed to support UC employees and retirees when it matters most**
