IV. Policy

A. Limited Appointments

1. Limited appointments may be utilized for short-term work assignments with an expected end date. A recruitment is normally expected for a limited appointment, but not required if an exemption or waiver of recruitment has been submitted and approved by central Human Resources (HR). Refer to Local Procedure 20, Section VI.C.4 and 5. In cases where there is a possibility that a limited appointment may continue beyond 1,000 hours in any 12 consecutive months, a competitive recruitment is required.

   Limited appointments designated for durations of less than three months or less than 500 hours in any 12 consecutive months are exempt from the requirement to competitively recruit.

2. Limited appointments may be converted to career appointments if the incumbent employee was selected through a competitive recruitment process. If a waiver or exemption to competitively recruit was approved, it is the responsibility of the department and organizational units to manage limited appointments so that conversion does not occur.

3. A limited appointment will be designated as a career appointment when the incumbent has attained 1,000 hours of qualifying service in any 12 consecutive months without a break in service of at least 120 consecutive calendar days.

4. Qualifying service includes all time on pay status (in one or more limited appointments at the university). Pay status includes sick leave, extended sick leave, vacations, compensatory time off (CTO), military leave with pay, administrative leave with pay, and holidays.
• Not included is time on pay status in casual restricted, per diem, by agreement, or contract appointments. Overtime is also not included.

5. Career designation will be effective the first of the month following attainment of 1,000 hours of qualifying service. The UCPath system will automatically convert limited appointments that reaches 1,000 hours to a career appointment.

6. Once career status is attained, there is no requirement to maintain a minimum number of hours on pay status.

7. An employee who has worked in a limited appointment immediately preceding the career appointment will accrue up to 1,000 hours credited toward completion of the probationary period, provided that the credited time was served in the same position and with the same supervisor that the employee had immediately prior to the career appointment. For more information on how probationary periods are governed for employees in limited appointments refer to PPSM-22: Probationary Period or Local Procedure 20.

8. UC Retirement Plan (UCRP) membership will include employees who have attained 1,000 hours on pay status during 12 consecutive months (excludes casual restricted, per diem).

9. Health Benefits eligibility is based in part on UCRP membership. Upon attaining UCRP eligibility, the employee will be prospectively eligible for career Health and Welfare benefits.
